

West Anchorage Snow Disposal Project

Project Management and Engineering No. 19-01

Please Join Us!

Online Open House

March 24, 2020 to April 24, 2020

Virtual Public Meeting

Tuesday, March 24, 2020 from
4:30-6:30 pm

visit:

westanchoragesnow.com

The Municipality of Anchorage is collecting information on potential locations for the placement of snow removed from West Anchorage streets during winter. Snow disposal location criteria and public feedback will be considered as part of a site selection process.

You are invited to attend a Online Open House to learn about the project and provide your feedback on site selection criteria and potential locations to be considered.

Visit www.westanchoragesnow.com for project information or to submit comments.

Online Open House available March 24, 2020 to April 24, 2020.

If you have any questions, please contact the project public involvement lead, Josie Wilson, at (907) 644-2030 or Josie.wilson@hdrinc.com.
