

The **Fairview Community Council** is sponsoring a series of civic discussions over the next few months with a general theme of:

The Re-visioning of Anchorage.

The **Fairview Winter Dialogues** are an effort to answer the question:

How can our City successfully adapt to the major challenges of:

- * Declining oil and gas development
- * Increasing climate disruptions,
- * Rapid technological advances
- * Global economic competition
- * Rising economic inequality
- * Fracturing of the Common Good
- * And more

If we are to have a more prosperous Community, our City needs a workable game plan that addresses the big gnarly issues of the early 21st Century. If you are interested in joining your neighbors to learn, explore and participate in the conversations, please join us.

The discussions will be via Zoom every other Sunday, 3:00 pm to 5:00 pm through March of 2021. To receive the Zoom links for each event send an email to **president@fairviewcommunity.org**

Participants will also have access to background information, event summaries and more via the Google Docs library established for the Dialogues.
