2. There's Probably a Permit for That...

What are you doing at the airport? If you are on ANC property providing a commercial service or sharing a message to people traversing the airport, chances are you need a permit. To make sure you have the permit and information you need to appropriately operate at the airport, please contact Brandon Tucker in our leasing department for help at brandon.tucker@alaska.gov.

3. Holiday travel and Parking:

Even outside of the holidays, ANC's short-term and long-term parking options have been full lately. We highly encourage travelers to have a plan so they may avoid frustrations and delays. The cell phone parking lot can be used to avoid a parking dilemma, and it is FREE. The cellphone lot is conjoined with the DOT&PF Central Region Headquarters (the Upside-down building) parking lot – minutes away from ANC. Only vehicles conducting active loading/unloading should be at the curb. Click [HERE](#) for directions. Another good parking option is the North Terminal Pay Parking lot where the first half hour of parking is free.

4. New Services at ANC:

"To Keep Alaska Flying and Thriving."

- On November 16, ANC welcomed the inaugural flight of Aleutian Airways, who provides direct, non-stop service to Unalaska/Dutch Harbor. Check out their flight schedule at www.flyaleutian.com.
- On November 30, Alaska Airlines started new service between Anchorage and Paine Field, located in Everett, Washington, north of Seattle. According to the airline, this route has been their most requested from the public. For more information, visit www.alaskaair.com.

5. Lose Something?

Whether it was in the terminal, our parking lot, or on one of the trails on ANC property, lost items are logged in to our Lost and Found. Items are kept for approximately three months. If you believe you lost an item at ANC, please fill out an online claim at [Lost & Found - Ted Stevens Anchorage International Airport \(ancairport.com\)](http://Lost & Found - Ted Stevens Anchorage International Airport (ancairport.com)).

6. Well Water Survey:

The Airport's contractor, Shannon and Wilson, has is well testing for PFAS in the study area immediately adjacent to the airport boundary. Results will take 4 to 6 weeks to get back. For more information, please go to <https://dot.alaska.gov/airportwater/anchorage/>

7. Lake Hood Seaplane Base:

The world's largest sea plane base is frozen over. Plane owners have switched from floats to skies to be able to land on the ice. No matter how tempting, no people or pets are allowed on lake surfaces; only aircraft and official ANC field maintenance personnel are allowed. As always, all pets must be on a leash on ANC property, this is for everyone's safety.

8. Does your destination require masks, a COVID test, or proof of vaccination?

Travelers destined for locations that require proof of a negative test or a vaccination certificate must have their documentation with them prior to arriving at ANC. Boarding decisions are made by the individual airlines, not ANC. There is not a public testing site in the terminal. To find testing locations, visit <https://anchoragecovidtest.org/>.
