Lead Public Involvement Specialist

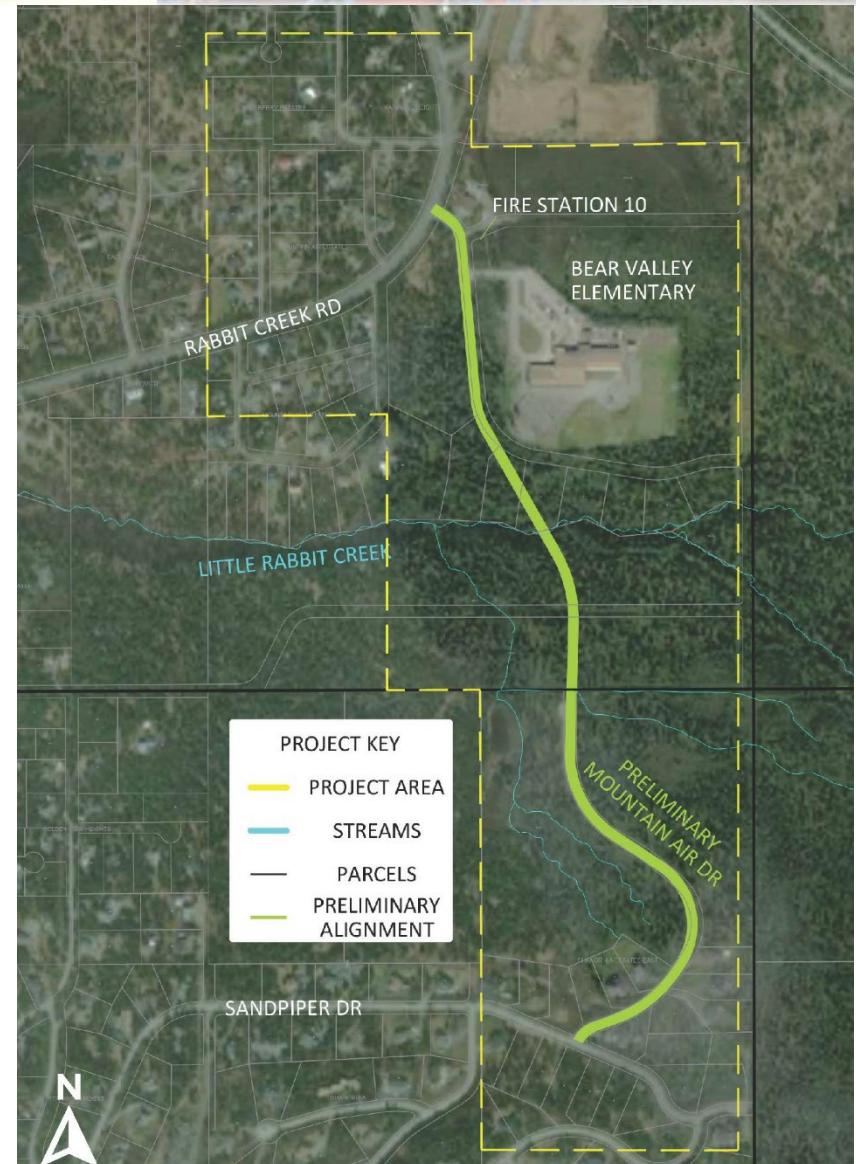

Project Overview

- The project will extend Mountain Air Drive from Rabbit Creek Road to Sandpiper Drive.
- Short term priority in Metropolitan Transportation Plan (Project #121) with primary purpose of access and emergency response and management
 - Additional benefit is to provide a non-motorized connection from the neighborhood to Bear Valley Elementary School

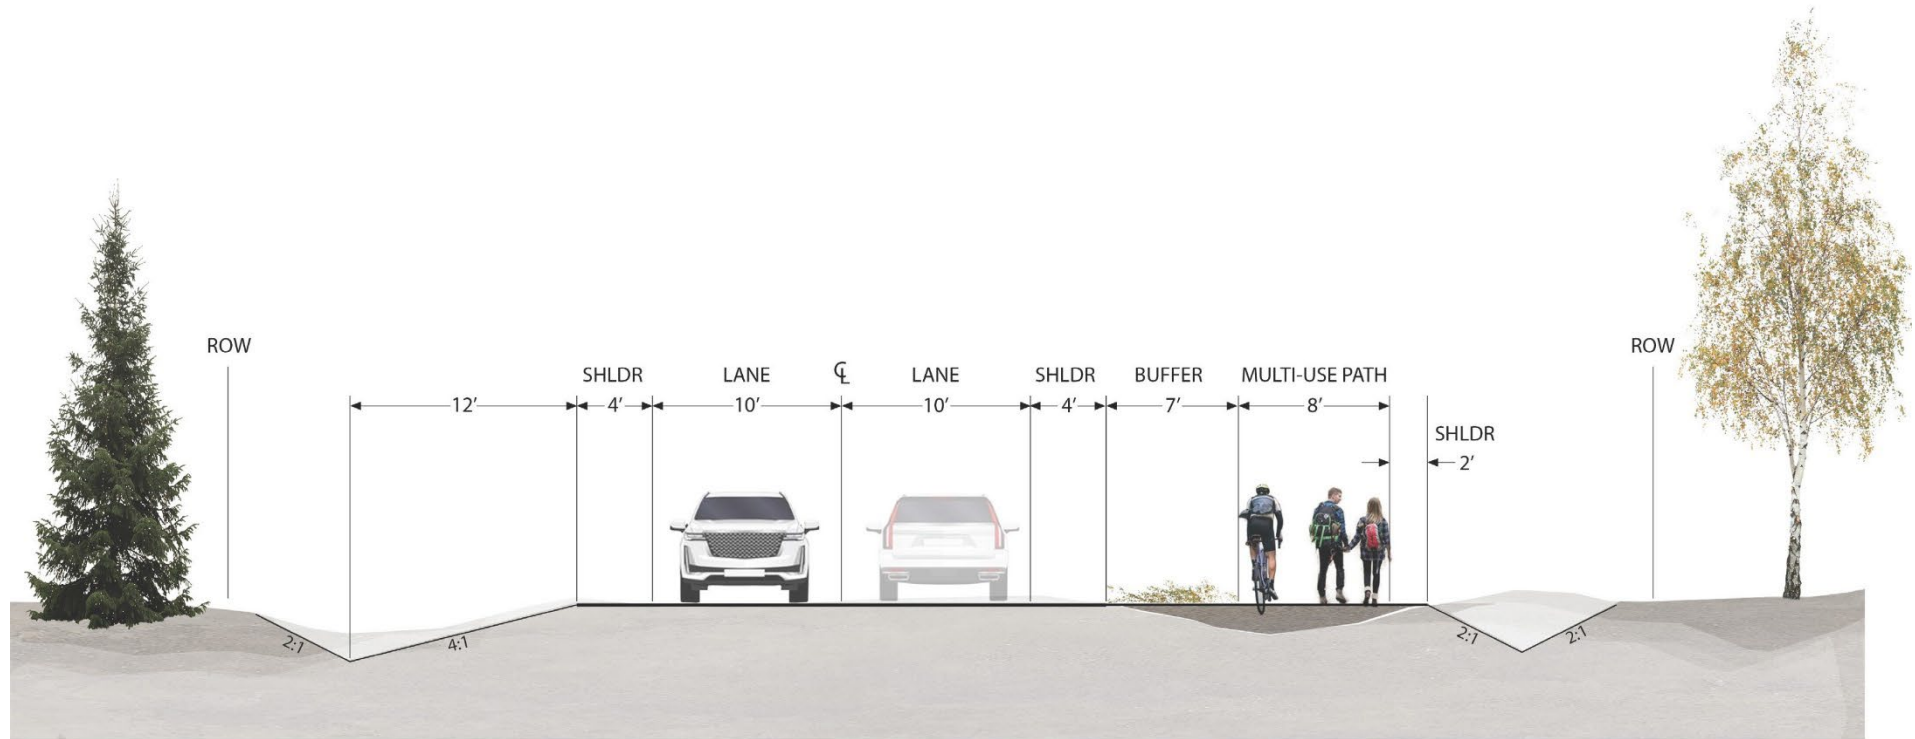

Project Area

Project improvements may include:

- Drainage improvements
- Right-of-way acquisition
- Utilities
- Bridge at Little Rabbit Creek
- ADA improvements
- Roadside hardware
- Intersection improvements at Rabbit Creek Road
- Multi-use non-motorized pathway

Draft Typical Section

MOUNTAIN AIR DRIVE
PRELIMINARY TYPICAL SECTION

Project Schedule

* Dependent on the availability of funding.

Current Project Activity

- Field studies completed or in-progress include:
 - Wetland delineation
 - Eagle nest survey
 - Cultural resource assessment
 - Traffic counts and intersection analysis
 - Traffic noise analysis

Thank you for your time!
