

Meadow Street Park Master Plan

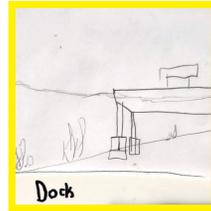

Rilke Schule - German School of Arts & Sciences

04/25/2024

Research "island" within the detention pond.

1 Floating research island, or dock

Dock

Community garden area with picnic tables, little free library, and better connection to trails.

2 Community garden and little library

German culture-influenced crosswalks, fence paintings, plaza and other asphalt surfaces.

3 Fence and crosswalk art

7 Maypole

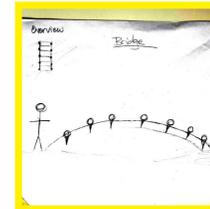

Shelter design to be influenced by German Gothic architectural style. Shelter design has partial funding from an Anchorage Park Foundation Challenge Grant.

4 Trails, fields, recreation

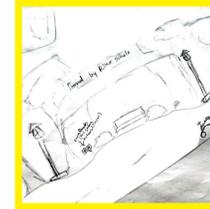

Improve connections between school and Meadow Street and unify the trail system (used by running club). Provide other recreation opportunities, like basketball and soccer.

5 Trail amenities (signage, lighting, bridges)

Lighting, signage, seating along trails. Bridge renovations to match architectural character of shelter and garden fencing.

6 Shelter and access from Meadow Street

Unique crosswalks on 68th Street, sidewalks, and parking along Meadow Street bring neighbors into the park and provide good access to a new shelter
