

**Turnagain Community Council Resolution
Supporting the Municipality of Anchorage 2013 “Plan B” Budget Proposal
with Regard to Funding for the Anchorage Police Department
in the 2013 Budget**

Whereas, the Anchorage Police Department is currently operating at a staffing level that is 40 officers below the staffing level of three years ago; and

Whereas, the Municipality of Anchorage just spent over \$100,000 per officer to train the last Academy class of 29 officers; and

Whereas, to ensure the safety of citizens and police officers alike, it is critical that Anchorage have a police force that can respond to all 911 calls and do so safely;

Therefore, be it resolved, that the Turnagain Community Council:

Supports the Municipality of Anchorage 2013 “Plan B” budget with regard to funding for a police academy and enough funding to eliminate the need for any Anchorage Police Department personnel layoffs.

Passed this day, Thursday, November 1st, 2012, by a vote of
Yes _____, No _____.

Signed,

Turnagain Community Council
President Cathy L. Gleason
