Turnagain Community Council
Attention: Mark Wiggin, President
2213 Douglas Drive
Anchorage, Alaska 99517

Dear Mr. Wiggin;

As requested by the Municipality of Anchorage, Code Compliance, we are forwarding a copy of this notice of Date of Activation to your Community Council.

Clearwire, LLC, a provider of high-speed Broadband Internet service to residential and small business, has proposed co-location of antennas on the existing communication facility located at 3300 West Northern Light Boulevard (T13N, R4W, Section 26, NW4NE4NE4NW4). The co-location of these antennas will provide high-speed wireless Internet access service for personal and small business use in the area.

Anchorage Municipal Code 21.45.265.A.9 requires notification to all property owners within 500 feet of the facility. Within 90 days of activation of the antennas, the operator shall resolve all reported occurrences of interference. These antennas are scheduled to be activated February 20, 2006.

If you have any questions pertaining to the construction of this site, please call or fax me at the numbers above. I will be happy to answer your questions.

Sincerely,

CHARLES E. FORBES
Vice President
