Re: TEMPT, LLC Standard Marijuana Cultivation License Application

Dear Sir or Madame:

I write concerning the referenced application currently before you to be placed at 2410 E 88th Ave Anchorage, AK 99507. My wife Cherry, my son Russell and I own the property immediately adjacent on the East (longest property line) as Perry Rentals, LLC. In addition we own the primary lessees of that property - Pied Piper Pest Control (Sanitation Services, Inc). While I will try my best to be present at the Council meeting October 27th, I wanted to be certain to submit my comments in writing.

Like many of our fellow Abbot Loop businesses, we desire to see our property valuables remain high and have them secure from crime (as best possible). In considering the type of business being suggested and my many years experience with that building's security features, I see no likelihood of a negative result to those two concerns. In addition, having known the Seidler's (applicants) for many years as a successful neighboring business and as an occasional client for my services, I can speak to their high level of honesty and hard work. While this is a major departure from their other business ventures, I have no doubt that they will conduct it with the same degree of devotion to business and community as they have always done.

Lastly, on the issue of Marijuana itself, I would like to make it clear that I am personally opposed to its use. However, I am also aware that it has become legal in my home State, and I can accept that decision, hold to my personal morals, and be completely neutral in commenting as I have. I will say that as a regular visitor to two of their three tire service businesses, I have seen their standard of employee conduct to be very high. This too I am confident will carry into their new business.

Respectfully Submitted

Kenneth J "Ken" Perry
President/General Manager

cc: TEMPT, LLC
