

HSIP: ANCHORAGE AREA SAFETY IMPROVEMENTS/LAKE OTIS PKWY @ 68TH

TCP: 14 Road Closure @ 7th Ave. & D Street

MOA APPROVAL REQUIRED

Notes:

- 1) Pedestrians shall be provided with access and safe passage through or around the work zone at all times.
- 2) Changes in the traffic control plan must have prior approval from the Municipal Traffic Department.
- 3) Emergency vehicle access through the work zone must be maintained at all times.
- 4) Lane occupancy and work completion time shall be minimized to reduce exposure to potential hazards.
- 5) Work areas shall be delineated by channelization devices or shielded by barriers to exclude traffic and pedestrians. Fencing may be required.
