Hi Julie,

We certainly appreciate that your Leadership Team took time to attend our council meeting in order to provide a very informative presentation which will help members make their decisions. However, community council's do not endorse political candidates for elected office and Proposition 10 appears to be somewhat of a similar nature such that it will be determined by the voting population. My concern is that endorsement by a community council may convey that a majority of voters in the Council area support such an issue but in fact a very small number of residents actually attend community council meetings and this may be misleading to others. I will raise your request at the next RCCC meeting but my recommendation will be that a motion is not entertained.

Thank you very much for reaching out to our Council.

Best regards,

Frank Pugh

RCCC Chair

Subject: Chugach follow up

Hi Frank:

I wanted to follow up and say thank you for the opportunity to present about the potential sale of ML&P to Chugach. We certainly appreciate the forum and the questions. Do you think your board might vote in favor of supporting Proposition 10 at your next meeting? I am attaching a resolution of support just in case.

Let me know what you think about that idea.

Thank you, again. Julie
