No problem. Some councils have indicated they might do it. We just thought we would ask. Thank you again for the opportunity to present. Julie

Hi Julie,

We certainly appreciate that your Leadership Team took time to attend our council meeting in order to provide a very informative presentation which will help members make their decisions. However, community council's do not endorse political candidates for elected office and Proposition 10 appears to be somewhat of a similar nature such that it will be determined by the voting population. My concern is that endorsement by a community council may convey that a majority of voters in the Council area support such an issue but in fact a very small number of residents actually attend community council meetings and this may be misleading to others. I will raise your request at the next RCCC meeting but my recommendation will be that a motion is not entertained.

Thank you very much for reaching out to our Council.

Best regards,
Frank Pugh
RCCC Chair

Subject: Chugach follow up

Hi Frank:

I wanted to follow up and say thank you for the opportunity to present about the potential sale of ML&P to Chugach. We certainly appreciate the forum and the questions. Do you think your board might vote in favor of supporting Proposition 10 at your next meeting? I am attaching a resolution of support just in case.

Let me know what you think about that idea.

Thank you, again. Julie
