Hi Vivian,

Thanks for the notification. Feel free to represent the Anchorage Audubon Society.

Best regards,

Frank Pugh  
RCCC Chair

**Subject:** No hearing on stream setbacks at P&Z

Nancy, Frank--

I understood from the announcements at our last RCCC meeting that Planning and Zoning would hold a hearing next Monday (May 7) on the proposed ordinance to shrink the protective stream setbacks in our area from 50 to 25 feet.

Actually, the subject **hearing was on February 5**, so there will be no opportunity for testimony on Monday. (P&Z may finalize their recommendations that evening. The next step is an Assembly hearing, at some unknown future date.)

I am thinking of visiting our Assembly people to urge that the hearing not be held during high summer, when many people will be out fishing (in our case, mid-June to mid-July) or otherwise unavailable.

I was going to testify on behalf of the Anchorage Audubon Society (whose board has approved that), not for RCCC.

--Vivian
