Please know that the hillside Council chair and vice chair cannot speak on this matter. And do not let them cut you off at 9 o'clock. Use Roberts rules to continue whatever discussion you need to have. And each of you should write the planners as soon as possible and then testify at the hearing.

Neighbors:

Please forgive the redundancy of this email for some of you. You may note on the invitation below that Lewis & Clark Subdivision developers are now the president and vice president of the Hillside Community Council. I'm sure all of you are as tired of this apparently endless process as I am, but please take time to attend one more meeting and speak out against these pirates.

All

Please try to attend. Also, remember that the RCCC chair and vice chair must recuse themselves from any discussion. We gotta stop this project's expansion. Please forward this email on to others.

Kind Regards,

Gail Morrison
