SUBJECT: P&Z Case number 2007-050: elimination of the Urban Design Commission

DATE: March 1, 2007

The North East Community Council Board of Directors met on March 1, 2007. Due to not receiving the notification of this case until after our regular NECC membership meeting and having comments due before our next one, the NECC Board has the authority to act on time sensitive matters.

A copy of the packet for this case was emailed to all board members a few days before the meeting and hard copies were available at the meeting for board members and members of the public.

After discussion, the NECC Board of Directors voted on the following motion:

The NECC Board of Directors does not support this ordinance (eliminating the Urban Design Commission) due to not having enough information on how the current responsibilities would be handled if it were enacted. We believe strongly that the UDC function needs to remain at an independent public commission level.

The vote was 5 in favor, 1 opposed, and 1 abstaining.

We ask that you consider our motion as you make decisions in the best interests of the NECC and the community of Anchorage as a whole. Please contact me if you have any questions.

Signed:

Peggy Robinson, President NECC
