Anchorage Assembly
Federation of Community Councils

October 19, 2016

Dear Mayor Berkowitz,

I am writing this letter in support of the resolution submitted by the Rogers Park Community Council concerning the paving of speed humps on Zarvis Place.

The street in question is the main access road for Rogers Park Elementary School. The volume of traffic and speed puts children at risk as they play near the road and when they cross it going to and from school or extracurricular activities. The community is taking the appropriate steps to address these concerns with their submitted resolution.

I strongly urge the Municipality of Anchorage to assess the road and encourage consideration of speed humps or other speed deterring measurements be taken to enhance the safety of children and residents that are affected by the traffic in this location. I am hopeful that a satisfactory resolution can be achieved for all parties in this matter.

Sincerely,

A handwritten signature in blue ink that reads "Berta Gardner".
