 - SACC
- . Old News/New News
- . Close

This is a Big meeting full of important issues. I will run a tight time schedule so that we all can be heard and get home at a decent hour! Please work with me!

I want to publicly apologize for our last agenda showing up at peoples homes the day after our meeting. This was due to pushing a deadline, the FCC copier down and the abundance of political flyers in the mail. This has only happened twice since I have been chair and I do apologize.

Please remember we meet the second Monday of each month at 7pm

Thank you Calvary Church! They are letting us have our summer meetings June July and August in their building again! Thank you!

We would like to congratulate our new assemblywoman Pam Jennings!

We would like to thank Naomi Klouda for a wonderful and fair job of reporting in the Anchorage Chronicle during the assembly race.

We want to thank also our friend at the WestSide Pulse, Charlie, for allowing all councils to give an update without charge!

I have appointed Joe DelDonno as our new Federation of Community Councils representative!

The military base will be closing down for a few months and our main airport will be used by them to meet their needs through the summer. You will see a difference.

May 17th is next Stakeholders meeting at 3pm in McKinley Room at airport.

Our Patrick Witherell is our representative with the technical part of this group. He will be keeping us updated and he will have a public comment paper at our meetings for us to fill out.

REMEMBER MAY IS CLEANUP MONTH FOR OUR ENTIRE CITY!

ALSO A REMINDER.....PLEASE, if you have access to a computer, consider receiving your newsletter by email. Contact Charene at the Federation of Community Councils, at councils@alaska.net or call 277-1977. THANK YOU!
