Please come and hear what is happening in our community.
We had the professors of UAA come out and share their research on the gravel pits.
We will hear from the SAAC committee on their latest update of information.

We have had a survey sent out by the mayor asking how neighbors felt about the construction plan regarding Strawberry Road from CRW.
The Strawberry Road committee took it upon themselves to send out flyers to the community showing the "alternate plan". We hope to have word from the committee on the mayors survey and their survey.
A big congratulations to the neighbors fighting the cell tower issue...they won!
