

We made it through another summer without a bear casualty on Hiland. I have heard about some close calls, including one that my St. Bernard had. He traveled at such a great rate of speed when he came to the end of the tieout that he broke the hook, proceeded from there to the other side of the house and up on the picnic table, where he stayed for 24 hours. Meanwhile the bear retreated down the driveway, I guess he did not like the big noise the tieout made when it broke and woke us up so we could see what caused the **big capital letters** from the dog. I keep wondering if the tieout snapped back and hit the bear...

All in all it has been a quiet, if somewhat wet summer, it seems. The berries were good by all reports, good looking moose have been observed in the valley, fat and happy and ready for winter.

I hope your summer has been good too...

The big issues of the day are not all that much affecting Hiland.. There is a new Capital improvement plan for the municipality out, it will be reviewed at the community council meeting on Oct. 7, come and give your input. The road board is chugging along and clearing brush. Johnny drive was worked on and improved with RAP and lots of drainage work .

Stonehill was improved considerably, to the point where I had calls from people wanting to know which subdivision was going to go in there. If you are wondering, the owners of the land on the lower side have not expressed an interest in selling at this time. I do however have 2 very nice lots listed for sale on Stonehill on the uphill side of the "new road" going downhill..check them out if you know someone interested in land.

South Fork Community Council News

Community council meets on Oct. 7 1999
7.30 pm at the Firestation.

Activities, review of the new Capital Improvement Plan put out by the Municipality and other pressing items as they arrive.

We have a new park and rec representative. Ray Nabinger threw himself into the heated campaign and emerged victorious. We welcome him to the service as our rep. We know he will do a good job.

Agenda items include the review of the summer

Your current slate of council officers :

- Ron Aksamit, President 694-2820
- Allen Bingham, 1st. Vice President 696-2120
- Barbara Kenney, 2nd. Vice President 694-2206
- John Cologgi Treasurer 694-4423
- Eva Loken, secretary 694-2820
- Janet Oates, officer at large 694-2345
- Randy Phillips, officer at large 694-4949

SERVICES AND OTHER GOOD STUFF

..If you know of someone that is not getting this modest publication, but would like to, please call me at 689-6476, or email me at evasapls@arctic.net or fax a note at 689-6477.. Do you have a favorite service provider of some sort, or you would like to be the favorite in the valley, same thing, get me the info, I will publish...

home cleaners Advanced Maintenance 694-1523 has been around a long time, per reports.

Carpentry work : Mike Bowden, W. River Drive 694-4097

Mechanic: **Ron Hughes (Birdsong) fixes small engines** He picks up at your place...Long experience. Skidoo, etc. 696-4228..

PET SITTING, IN YOUR HOME: Eagle River Pet care, 688-7487 (they own a lot on Highland, in process of building)

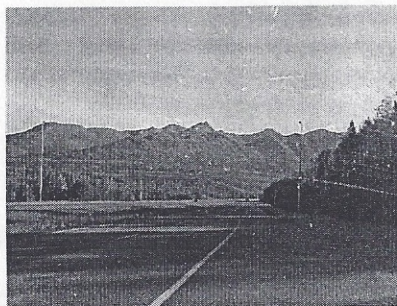

Snow Plowing:
George Garten 694- 4255

Keep an eye out for your neighbors house and property...

Write down the license number of cars that "act strange.". Keep it around. If there was a reason, your input may be valuable.

Call the cops if you feel something is not as it should be

Eagle River police # 694-2715 for non emergency.

**Unpaid advertising:
ALASKA MUSEUM OF NATURAL HISTORY** in Eagle River. Park-gate building across from McDonalds.

There is an incredible exhibit of butterflies right now. World class... And lots of minerals to look at along with whole ecosystem displays. Very enjoyable and educational. And if you have spare time, consider volunteering for the giftshop **one half day a week would help.** Giftshop has lots of nifty stuff for kids and adults.

We need help. Badly.
