- Holly Spoth-Torres, MOA

6 North Star residents

CALL TO ORDER

- I. Introductions.

REPORTS

II. COMMUNITY REPRESENTATIVES

A. Andy Holleman (ASD BOD):

ASD suspending in-state travel, monitoring coronavirus situation. Protocols in place if any student is suspected of carrying the virus. The return of students from spring break – where sufficient number of students have travelled out of state – could bring the virus to Anchorage. Bonds update. Enrollment declines and options for eliminating a school building.

B. Shanelle (Alaska Center):

Solarize Anchorage. Initial project had 80 homeowners. The larger the group, the better opportunity to lower costs (wholesale purchases).

C. Holly Spoth-Torres (MOA):

Chester Creek flood prevention project bond status. Arctic Blvd will be closed for approx 3 weeks at bridge over the creek (starting after Mayor's Marathon).

III. COUNCIL

A. Sam Moore:

Will not be up for re-election (termed out).

NEW BUSINESS

A. Sam Moore:

Opposes Prop 9 (special levy for areawide emergency medical supplies).

B. Mark Butler

Opposes Prop 11 (onsite consumption of marijuana). Prop 12 and potential assembly redistricting, redistricting also likely following census.
