**10-Year Review of Community Council Boundaries Project**

**Project Update:** Every 10 years the Municipality reviews community council boundaries and seeks input as to whether any boundaries between the community council districts should be adjusted. We initiated this 10-year review in November with visits to the Federation and an online questionnaire. For more information about this project, its overall requirements, and upcoming meetings, visit our project web page. It includes the project's **White Paper No. 1** which summarizes the public process and boundary review criteria.
