

**Federation of Community Councils
Manager's Report
March 18, 2009**

Mailing Lists:

As you may see, we have set up our account on the Constant Contact emailing service and we used the service to send out an email message to the FCC delegates.

Betty Caudle, our resident Constant Contact expert has used the Constant Contact service at her other work position. At the March FCC meeting we will show how our first mailing went. We will start migrating all of the emailing of newsletters and other items to the service.

There will be a link on the FCC homepage to the signup sheet where individuals may subscribe or unsubscribe to the various community council newsletters.

Candidate Forums

We are assisting community councils in organizing candidate forums. Please see the attached information.

Capital Project Priorities lists

Jim Lamson of the Project Management and Engineering (PM&E) has contacted us to talk about the process for each community council to rate their capital project priorities for 2009. The FCC has promised to assist PM&E in making sure that each council has adequate time to rate the projects that are presented by PM&E. He expects to have the lists available to the councils within the next few weeks.

Community Patrol grant status:

There is still a lot of community patrol grant funds awaiting expenditure. Come on and spend that money community patrols! You know who you are.

State Grants administered:

All grant reports are up to date. We have just received checks for the Eagle River Consortium and the Nunaka Valley Community Patrol. We are processing paperwork for the Airport Heights Community Patrol.
