 Alert on Title 21 (land use)
 Alert on Highway stuff

AND SELECTION OF A NOMINATING TO FILL OPEN OFFICES

Someone from the park department will talk on the fire danger in Muldoon Park, the Baxter Bog trail improvement and other park related matters. Mark Hill 333-9935 has been representing the council on the fire danger project.

I have asked someone from the developer or builder of Scenic Park View to come and tell us what is happening there and listen to concerns. I do not know if anyone will come. I promised that we will be nice .

Roger Shaw will speak on the Title 21 situation and Sound Barrier update.

Open Offices now are Vice President and Secretary.

About 2 months ago Council President Lee Walker called and asked me to take over for him for a short time due to his medical situation . I could not refuse and agreed to do it for a short time (like through the October meeting). We all hope that he will be back in good health by November. I have not been active in the council for the last year or so, but was active for many years before that.

Temporary, Acting President Bill Miernyk 333-2274

Next Meetings---October 6th -- and November 3rd
