

Federation of Community Councils Manager's Report

September 21, 2011

Turn in your Capital Projects Surveys to the MOA Office of Management and Budget:

Make sure your community council is reviewing potential capital projects in your community council area. Click on the following to access the list of potential projects for your council

<http://www.muni.org/Departments/budget/CIPArchive/Pages/2011%20CC%20Survey%20for%202012.aspx>

Complete them and turn them in to the OMB **IMMEDIATELY!** If you haven't done it yet, you are late!

Pardon our mess!

The Community Councils Center office space is still under reconstruction. Our door was moved to a different location and we have tarps over all of our desks and electronic devices to protect them from sheetrock dust and paint. The painter is scheduled in by early next week. Then it will be time to move everything to their final resting spots and clean it all up "real pretty." I can't wait!

The September FCC meeting will be at the BP Energy Center

The conference room in the Community Councils Center is under reconstruction as well and is unavailable for the September FCC meeting. So we are moving our meeting to the BP Energy Center (900 E. Benson Blvd.) and then hopefully moving into a "new and improved" conference room later this Fall.

The FCC's "State of the City" Forum slated for October 19th

As part of our October 19th FCC meeting, we are planning the first ever "State of the City" Forum in the cafeteria of Wendler Junior Middle School. Our FCC business meeting will start at 6PM, at 6:15PM they'll be a presentation by a MOA planner about the Title 21 rewrite and at 6:45 the Forum begins. The Forum is designed as a way to hear diverse opinions about the State of the City and ways for residents to be more involved. It should be exciting!

New FCC Fax Number:

The new fax number is **222-3878**.

*Mark Butler, Manager
Community Councils Center*
