

Federation of Community Councils Manager's Report

February 20, 2013

State of Alaska Audit of FCC Grant Administration

In early October 2012, the State of Alaska Division of Community and Regional Affairs performed a site visit and audit of the FCC administration of State of Alaska grants. Mary Anctil wrote "I was pleased to see you retain all backup documents in the files. This makes it easy for review. I wish all my grantees were so meticulous about their grant files." A copy of the letter from Ms. Anctil is available for review.

Municipality of Anchorage Audit of FCC Contract

Each year the Municipality of Anchorage (MOA) grants a contract to the FCC to fund operation of the Community Councils Center (whose mission is to assist the community councils and community patrols.)

Recently, Abbott Loop Community Council Chair Al Tamagni, Sr. requested that the Anchorage Assembly perform an audit of the Community Councils Center's management of this contract.

In January of 2013, the Internal Audit Division of the Municipality performed a site visit and audit of the FCC administration of this grant. After this audit was completed the Director of Internal Audit wrote "Overall, the complaints provided by Al Tamagni were not found to be valid. In addition, our review found that grant requirements we tested were generally followed." A copy of the letter is available for review.

FY2014 State Grants

Be sure to contact your legislators to request grants for your community council and community patrol.

The Anchorage Handbook

We need people to work on updating the Anchorage Handbook. Can you help?

Mark Butler
