2014 "State of Our City" Forum

We are planning another "State of Our City" Forum to be held in October. Please let me know if you have any local activists that you would propose as speakers. We are planning eight speakers speaking for eight minutes each.

FCC Website (www.communitycouncils.org)

The website has been "frozen" with all the content available for users, but we are not able to put up new content for a few days. Hopefully we will have the new site accessible on Wednesday or Thursday. I have removed the ability of each council to put up their own content to the site. As soon as the site is back up in the new format, I will be again grant permissions to officers of each council and will teach them how to use the new website.
