

# **Federation of Community Councils Manager's Report**

**October 15, 2014**

## **2014 "State of Our City" Forum**

The fourth annual "State of Our City" Forum is scheduled for Monday November 10th at Wendler Middle School (from 6:30 to 8 p.m.) There will be eight people speaking for eight minutes each. Please let me know if you have any local activists that you would propose as speakers.

## **FCC Website ([www.communitycouncils.org](http://www.communitycouncils.org))**

The new website is "spooling up" as we speak, and should be visible to the full public with 48 hours. Starting Friday, I will be again grant permissions to officers of each council and will teach them how to use the new website.
