7	There is trash and party trash (drug and alcohol materials) all over the woods that I used to be able to walk in. NO it is NOT safe.	4/20/2016 1:01 PM
8	Daytime okay, but would not walk the trail in the evening.	4/18/2016 4:07 PM

18	I don't feel safe in most places in Anchorage anymore.	4/11/2016 10:10 PM

23	There are more than 20 illegal camps in the Chester Creek Greenbelt below Rogers Park. Last week, I was charged by a pitfall owned by one of the campers. The level of garbage human waste is huge and growing. The City appears to do nothing about the problem. Our neighbor is threatened by spreading wildfire from the camps (2 major fires in the last year).	4/11/2016 4:01 PM
24	I feel safe enough, however, see Question 4.	4/11/2016 3:48 PM

1	We have already tried but APD lacks resources	4/21/2016 5:23 PM
2	APD can only come out so many times, usually in spring and fall. Once they come out, they request cleanup of the area. It looked good this winter, until early April.	4/20/2016 1:11 PM
3	APD should have an on line form to report homeless camps and illegal activities in these camps.	4/20/2016 1:01 PM
4	New mayor's emphasis on rebuilding APD ranks, plus services got homeless, encourage me.	4/13/2016 9:09 PM
5	The city and police don't seem to care	4/12/2016 7:58 AM
6	There is a lot more awareness with the Nextdoor website, but thefts and suspicious activities continue to occur. Our limited police force can't keep up with our "small" crimes and try to solve them even with photo and video surveillance.	4/11/2016 10:10 PM
7	Police are slow to respond unless guns are stolen or a life is in danger. I guess we could fence ourselves in.	4/11/2016 8:54 PM
8	Active neighbors can and do make a difference.	4/11/2016 8:15 PM
9	Need more police presence.	4/11/2016 4:22 PM
10	The neighborhood can try to make belongings less available (i.e. locked up). The APD does not have the time to deal with constant minor thefts. It is hard for residents of Rogers Park to detain even people caught in the middle of thefts without resorting to some sort of vigilante approach.	4/11/2016 4:01 PM
11	The costs required to house/feed/care for homeless Alaskans would be tremendous, but I would gladly use PFD earnings if it could solve the problem. I am interested in knowing what other cities with this problem do. It's an issue that is not going away--in fact it seems to be getting worse--and we need to find a solution.	4/11/2016 3:48 PM
12	APD asks us not to interfere with intoxicated homeless people moving through the neighborhood or interfere with their camps. All we can do is call it in and let the cycle continue.	4/11/2016 2:56 PM

13	What you read in the paper, the justice system does not want to deal with the petty crime. Put them in jail and throw away the key.	4/11/2016 2:00 PM
14	I don't agree with the statement. I think by watching out for each other and being aware we can increase the safety of our neighborhood and change things for the positive	4/11/2016 1:42 PM
15	Live across the street from an officer and still theft is increasing.	4/11/2016 12:53 PM
16	Response is lousy. Complaints to Assembly Members amounts to keep filling out the reports. It is amazing the response, that my report is accepted...like the event did not happen?	4/11/2016 12:37 PM
17	We often call police and are rerouted to ASP when there are emergent problems on the trail. Drunk/High aggressive people should be dealt with by police not by ASP.	4/11/2016 12:08 PM
18	I think Nextdoor has raised level of awareness about potential crime, when a neighbor makes a post about suspicious persons or activity.	4/11/2016 11:49 AM
19	Need to shut down that half-way house in a neighborhood!!	4/11/2016 11:44 AM
20	Can't get rid of homeless camps	4/11/2016 11:37 AM
21	Thin k our only option is to get back to Neighborhood Watch programs and	4/11/2016 11:35 AM
22	I have already out up personal cameras facing outside but this does not seem to help APD much. I have been apart of or filed multiple reported events in the last year.	4/11/2016 11:34 AM
23	The police state you have to catch the individuals in the act and that's very difficult. I reported multiple times about the homeless activity behind the N.L. fence and nothing was done. They kept bringing in more and more supplies and it's a foot bridge that children use daily to commute back and forth to school.	4/11/2016 11:33 AM
24	Be vigilant, talk to our neighbors, not jump to negative conclusions.	4/11/2016 11:33 AM
25	We have tried to work with the Muni to address these issues and be proactive but are constantly told that the rules don't allow for camps to get cleaned up, or APD is too short staffed to deal with crimes of this nature. It's frustrating to see our green spaces get trashed, trails become less safe and property crimes increase and have no police/other muni agencies willing to work with us.	4/11/2016 11:29 AM
26	I have called APD to alert of the homeless shelters and they leave then return again and again.	4/11/2016 10:56 AM

19	In my tours of homeless camps in the greenbelt, I have discovered squatters living in an outbuilding from a home along Bannister Drive. I could guide APD to this location if you want to phone Jim at 441-8027	4/11/2016 4:01 PM

1	Late night walk throughs are somewhat routine, checking car doors for unlocked cars. Have had a number of small items taken. Have had people walk through front into back yard on occasion using gravel path	4/29/2016 7:38 AM
2	We have a neighborhood that is in transition with many senior citizens who are vulnerable. I am concerned about their welfare with the increase of foot traffic through the neighborhood.	4/21/2016 8:50 PM
3	Good people but one house has been a source of drugs crime violence and fear	4/21/2016 5:23 PM
4	Thanks for coming out when you can, but this is just getting way out of hand and it's not safe.	4/20/2016 1:11 PM
5	Please add an option to your web site to report illegal activities in neighborhood parks. I appreciate APD coming out, but I know you a lot on your plate protecting public safety.	4/20/2016 1:01 PM
6	No	4/18/2016 4:07 PM
7	People drive too fast through the neighborhood	4/17/2016 10:36 PM
8	There is an older gentleman who 'collects' things at 2721 Karluk. We recovered our missing flag & pole from his porch last year, in a heap of hoarded items.	4/15/2016 3:56 PM
9	Great neighborhood but needs you to visit & it'll be great when I hear APD has resources to follow up on more of these property crimes.	4/13/2016 9:09 PM
10	Rogers Park is a wonderful neighborhood. If all of us (neighbors) are aware of what goes (crime wise) on we can make it better.	4/13/2016 6:13 PM
11	I appreciate it when you drive through Rogers Park. Thank you.	4/13/2016 3:34 PM
12	On april 4th I found three spent shell casings on bike path access off of Maplewood.	4/12/2016 1:50 PM
13	I know pot is legal now but there have been three times that upon opening my front door to let the dogs in, I have smelled a very, very strong odor of pot. At first I thought someone was on the side of my house smoking it. But no one was there and it pervaded the air for about an hour. I've noticed it once more but the smell did not last long. Others in the neighborhood mentioned smelling something "awful".	4/12/2016 1:22 PM
14	As a mother of two young children, I worry a lot about cars speeding through the neighborhood and not obeying speed bumps and stop signs. I've witnessed some close calls and I know other parents here who feel the same way. We need drivers in College Village to slow down - especially in the summer with more kids outside. Thank you for the survey, APD, I appreciate it!	4/12/2016 10:08 AM
15	Speeding cars down E 27th. There seems to be more homeless people wandering around	4/12/2016 7:58 AM
16	It's a beautiful family neighborhood which should be safe for all to enjoy	4/12/2016 7:25 AM
17	In the past APD has been able to respond quickly to house alarms and 911 phone calls. I'm concerned that with a smaller police force, that police may not be able to respond to calls as efficiently as they were able to in the past.	4/11/2016 10:10 PM
18	Homeless people passed out being concerned for their well being throughout neighborhood & on street corners	4/11/2016 10:07 PM
19	Drive through it once in awhile to show some presence.	4/11/2016 8:54 PM
20	I wish there were more patrols. I know the municipality needs more police.	4/11/2016 8:15 PM
21	No issues; I feel safe in my neighborhood. We know everyone on our block and many around the neighborhood. Most everyone is friendly, and we watch out for everyone.	4/11/2016 5:27 PM
22	We are a caring, watchful, and talking neighborhood. When there is a situation developing, the police fail to respond or downgrade the situation as unimportant; e.g.; two men were going down the neighborhood streets at 3:30 AM, looking into cars and checking door handles. The dispatcher brushed it off saying - are you sure they aren't jogging.	4/11/2016 4:22 PM
23	It is a nice neighborhood that is under siege daily by transient individuals stealing things (both day and night) and occasionally challenging residents at their doors.	4/11/2016 4:01 PM
24	We appreciate APD! Thank you for your help.	4/11/2016 3:10 PM

25	We need speed bumps. People haul butt through here at rush hour to try and avoid the new seaward and Northern lights intersection. They use the neighborhood as a short cut and I think the speed bumps would make it a less appealing short cut.	4/11/2016 2:10 PM
26	Just wonder through the neighborhood. Have a presence in the area. Day or night.	4/11/2016 2:00 PM
27	I believe we have a significant problem with homeless on the edges of the neighborhood and wandering through it. I believe this is a result of the broader issue of homelessness in Anchorage.	4/11/2016 1:42 PM
28	Great place to live, welcome to move here with your cruiser ??	4/11/2016 1:19 PM
29	I love living in Rogers Park. I like walking in the neighborhood and would like to continue to feel safe.	4/11/2016 1:17 PM
30	1) last summer i caught a young black male in my pickup truck and called 911. you guys showed up maybe 20 minutes later after i chased him away. if you would have come right away he would have been caught in the act. 2) lately have seen a number of the homeless people walking through college village. they are probably walking to/from the brown jug over by kinkos when freds won't sell any more to them. 3) PLEASE PLEASE PLEASE CLEAN UP MID-TOWN AND GET THE INEBRIATES OFF THE STREETS.	4/11/2016 1:16 PM
31	Neighborhood has a good mix of backgrounds, professionals, students, stay at homes, and retirees; expect most would react positively to a subtle reminder to minimize "opportunity situations" due to the transients (pedestrian & vehicular).	4/11/2016 12:44 PM
32	Juneau st trail access to the chester creek trail is a center.	4/11/2016 12:08 PM
33	On a couple of occasions I have had to call APD and the response time was very long wait.	4/11/2016 11:44 AM
34	Yes, we care about our neighbourhood and our city.	4/11/2016 11:37 AM
35	Petty theft has become a big problem. I have had my car and house broken into. Drinking in the parking lot of Rogers Park School is problem. There are a large number of empty bottles in the area adjacent to the parking lot - someone recently picked them up but they're collecting there again. Most recently an intoxicated person followed me home when I was out walking my dog and refused to leave. I had to call APD to come get him. While our neighborhood has so far been spared from the increasing violence in Anchorage I feel that it is just a matter of time.	4/11/2016 11:36 AM
36	have police living in the neighborhood, but would like to see more a police presence as well as responsiveness to issues	4/11/2016 11:35 AM
37	Quiet and peaceful with nice neighbors, other than the one address.	4/11/2016 11:35 AM
38	If there is something else we can do as residents please let us know. We assume the APD is understaffed. Also a specific home to watch is 2178 Cratageus.	4/11/2016 11:34 AM
39	Rogers Park is a great neighborhood. Full of families with kids and lots of activity. I was very dismayed at what occurred last summer with the trailer at 2626 Spruce wood Street and the homeless people living behind the fence on N.L. I understand that these are very challenging issues but the response I received from APD was very discouraging about anything they could do to assist.	4/11/2016 11:33 AM
40	We are capable of doing what's best for our neighborhood.	4/11/2016 11:33 AM
41	We really want to deal with the homeless issue in the green belt. Housing first is great, but we want to also work on the immediate needs that are encroaching on our neighborhood and making people feel less safe when using the trail. I also feel for the vulnerable people who may be taken advantage of while incapacitated. And, the damage done to the green belt and wild spaces is irreversible. We can and should do better as a community.	4/11/2016 11:29 AM
42	Slow response time discourages calls to APD. Also, non emergency number requires listening to long menu before reporting ongoing crimes. Reporting crime should be #1.	4/11/2016 11:09 AM
43	There recently has been an odd situation with a white sudan car with a loud muffler that keeps circling 26th street. It's like he (male) driver is going back and forth from somewhere in the neighborhood.	4/11/2016 10:56 AM
44	With the greater access to information and communication that technology provides, I think that there is greater awareness of illicit activities in and near Rogers Park; I do not necessarily believe that this increased awareness correlates with an increase in activity.	4/11/2016 10:55 AM
45	We benefit from not having public rights of way (alleys) that would make our homes more accessible to strangers.	4/11/2016 10:49 AM
