**Proudly serving our friends and  
neighbors in House District 12**

Dear Friends and Neighbors,

I hope you and your family are enjoying the start of the holiday season and all the fresh snow on the ground around Anchorage. In this update, I'll share a brief overview of our state's finances, community news, opportunities for public input, and a reminder that the Affordable Care Act open-enrollment period is now underway.

As always, I am here to answer questions, assist with any issues you may be facing, or hear your thoughts, ideas, and concerns. Representing the diverse views of our community is my priority, and hearing directly from friends and neighbors like you helps me do that. You can reach me by email at [Rep.Calvin.Schrage@akleg.gov](mailto:Rep.Calvin.Schrage@akleg.gov), on my personal cell at 907-240-8986, or at our office at 907-465-4931.

### **Coffee with Calvin**

Thank you to the community members who joined us last Saturday for our constituent coffee - I truly enjoyed the conversation. Our next coffee will be held on Saturday, January 3rd, from 9:00 to 10:30 a.m. at Kaladi's on Brayton Drive. I look forward to seeing you there!

## **Future Budget Hurdles**

Alaska's budget challenges will likely be exacerbated during this upcoming session due to low revenue and unplanned expenses. In the Alaska Department of Revenue's most recent forecast for Fiscal Year 2027, they assume \$67 per barrel of oil. However, Brent Crude is currently hovering at about \$63 and is projected to decrease in the coming months. For each \$1 change in oil prices, the state's tax revenue changes by about \$30 to \$40 million.

State revenue from oil is volatile and revenue from federal funding is similarly uncertain at this time. In late October, the state Legislature heard a presentation from the Department of Health regarding additional state costs due to the new Medicaid mandates. While the exact monetary amount is unknown, the Legislature will likely need to allocate more state funding toward healthcare than in previous years. This is just one example of federal changes impacting our state budget, and we expect more in the future.

The State of Alaska has also incurred unexpected expenses through multiple Disaster Declarations. While the Legislature allocated funds for the Disaster Relief Fund, those funds were partially vetoed by the Governor and will not be sufficient to cover the costs of providing support to Western Alaska and to our local Food Banks. These funds are necessary for Alaskans, and I expect the Legislature to pass a supplemental budget to backfill Disaster Relief monies.

The Governor's proposed budget, which is generally the Legislature's starting point in budget creation, will be published in mid-December. I will continue to provide budget updates as we get new information, and as the legislative session begins.

## **Affordable Care Act Open Enrollment**

The Affordable Care Act open-enrollment period began on November 1st and will continue through January 15th, 2026. You can learn more and sign up at [Healthcare.gov](https://www.healthcare.gov) (or [CuidadoDeSalud.gov](https://www.cuidadodesalud.gov) for Spanish speakers).

## **Anchorage Community Council Boundary Changes**

Every ten years, the Municipality of Anchorage is required to review the boundaries for the city's community councils. The Anchorage Assembly has put forward a proposal for the new boundaries, with no significant changes to our local Abbott Loop Community Council. While our council would remain as is, the proposal recommends 12 substantial changes, including two council mergers. To view the current and proposed maps, please use the links below:

There will be an opportunity for public input on these maps at the regular December 2nd Assembly meeting and you can provide written testimony at
