

May 30, 2011

Dear TBOP members,

I have been informed that the conditions at the Campbell Creek Park have become intolerable. Our Homeless citizens are camping and sleeping in the Park in great numbers on a daily and continuous basis. Over the last month, the homeless activity at the Park has increased dramatically. There are many small camp sites all over the area. It is not safe for one or two individuals to attempt to clean the Park up at their leisure.

As you are aware, we have been in existence for more than two years. Our Mission continues to be:

"Encourage Campbell Creek Park area residents and businesses to join "Take Back Our Park" (TBOP) community group creating workable plans, joining efforts, and taking action to provide safe, clean and enjoyable park conditions."

As our Mission states, ***"joining efforts, and taking action."*** Let's do just that before our next group meeting. I am inviting and encouraging all of you and your friends/neighbors to join me on Sunday, June 5th at 10:00 a.m. Wear your Hats, T-Shirt, and Jackets (I will bring the Jackets for distribution). We will clean up the Park and simply and politely ask our homeless citizens to leave because we are ***"Taking Back Our Park"***. I'll provide plastic gloves and garbage bags. We will fulfill one aspect of our Mission by working together to ***"provide safe, clean, and enjoyable park conditions"*** for all.

When: Sunday, June 5th, 10:00 a.m.

Where: Viewing Dock at the Park (behind Taco Bell)

Who: TBOP Members, friends, and neighbors

See you there!!
