Re: Resolution of Support for the Akeela Chronic Public Inebriate Anti-Recidivism FY 2015 Capital Budget Funding.

Dear Rep. Bill Stoltze and Sen. Kevin Meyer,

The Chugiak Community Council met on 4/17/2014 and heard testimony from the Fairview Business Association regarding the Fairview Chronic Public Inebriate Proposal. The Chugiak Community Council supports their efforts in resolving our Chronic Inebriate problem in Anchorage. Their efforts on this issue will address the problem using existing services working together to help guide individuals on the path to recovery, while alleviating the burden on public resources and increasing safe neighborhoods.

The Council unanimously requests that the Alaska Legislature appropriate 100 percent of the Alcohol tax revenues to substance use treatment and prevention and to support \$5 million funding Akeela Chronic Public Inebriate Anti-Recidivism proposal, as outlined in SB 119, the Capital Budget, and to award Akeela the function of administering the project.

We appreciate your consideration in this matter.

Jake Horazdovsky
Secretary
Chugiak Community Council
