**DISCUSSION OF CONTINUATION OF PROJECTS: EMERGENCY WARNING SYSTEM &
WELCOME NEW NEIGHBOR LETTER**

We could have used the emergency warning system this summer during the McHugh Creek Wildfire ---- please join the committee working on this!

WILDFIRE: for more information about wildfire prevention, home evaluations etc. contact: John See, Forester and Wildlife Mitigation, 267-4902, seejw@muni.org

POLICE LIASON: CONTACT R. Nave at 786-8576 re: your preferences about police action in our area. Obtain a survey by request at rnave@muni.org

+++++

UPDATE: Del’s Woods = Mayor Berkowitz hosted a presentation and the project is moving forward. Greatland Trust is assessing the values of the land and the cost of putting it into trust. Much public support has been provided and a thought now is to have the parcel held by the Heritage Land Bank and not Parks department, to avoid the development required by the Parks Department and yet have HLB constrained and unable to rent, lease, sell, or otherwise impair the values of the parcel.

+++++

PLEASE BE BEAR AWARE: DO NOT PUT YOUR TRASH OUT THE NIGHT BEFORE, even in a “bear proof” can. Inform your neighbors of bear sightings. Keep your dogs at home. Killing of bear is illegal, except to prevent **immediate danger to life** of a human. Not legal to kill wildlife to protect dogs, cats, fowl, etc.

PLEASE BE FIRE AWARE: Report all fires (non BBQ), fireworks, etc.

PLEASE BE MOOSE AWARE: Keep your dogs at home; don’t let them harass the moose. Do not kill wildlife unless your life is in jeopardy. Thank you.

Please **BE CHILD AWARE:** school has begun, watch out for life forms in the roadways!!

NEXT MEETING IS OCTOBER 12TH, ELECTION OF OFFICERS AT BEAR VALLEY SCHOOL LIBRARY 7 P.M.

BEAR VALLEY COMMUNITY COUNCIL MEETS EVERY SECOND WEDNESDAY BEGINNING SEPTEMBER AND ENDING IN MAY. WE WELCOME ALL NEIGHBORS.
