Resolution No. 17-1  
Supporting retention of People Mover Route 102

The Eagle River Community Council opposes the current People Mover schedule change proposal due to its negative impact on our community. Current proposals eliminate 100% of the bus routes to/from Chugiak/Eagle River (Route 102) and replace the route with 2 13-passenger vans. Additionally, the proposal eliminates all service to Chugiak and discontinues the mid-afternoon routes (leaving City Hall at 3:35pm and 4:10pm), adds a 5:40pm route and cancels the early morning route (departing Eagle River at 5:55am), replacing it with a much later route closer to 8 am.

- These changes negatively impact both the economic and social quality of life for this community through the elimination of what remains of our public bus transportation.
- Municipal planners acknowledge that these proposals will not support current ridership.
- Proposed time changes and utilization of vans to meet the revised schedule is neither realistic nor sustainable.
- This matter represents a direct disenfranchisement of our community from the greater Municipality.

We ask the mayor to reject any current proposals which do not support the retention of currently scheduled bus service between Chugiak/Eagle River and Anchorage, at a minimum.

I, the undersigned, certify that the Council is composed of six (6) Directors of whom four (4), constituting a QUORUM, were present and that this resolution was **PASSED AND APPROVED** by the Council on March 9, 2017.
