Announcements

Anchorage Waterways Council will meet January 29 at 7 PM at the Fairview Rec Center. The meeting topic is the future of the Chester Creek watershed and they are interested in hearing the public's views, since the municipality will soon be developing a management plan.

Tudor Community Council heard a presentation on the AWARE neighborhoods plan in November. This is disaster preparation for neighborhoods. The impression we got was that the Community Council is too large a geographic area to do this as a whole, but we would encourage smaller areas to try this cooperative effort. Anyone wanting to read the information can call Diane Etter, 562-4822 for a packet.
