Resolution 2019-02 of RCCC in Support of the Proposed Panorama Subdivision Plat, with a Recommendation to Observe the Hillside Subarea Transportation Study: East-West Trail Connectivity Provisions

Dear Platting Board:

On December 12th, 2018 at the Rabbit Creek Community Council General Membership Meeting, a majority of the voting members in attendance agreed (18 Yeas / 1 Nays / 0 Abstentions), to support the proposed plat for the Panorama Subdivision as presented by Kjerstin Lastufka and Tony Hoffman, with the additional recommendation, that the Platting Board considers the Hillside Subarea Transportation Study's requirement for east-west trail connectivity. While it may not be possible to implement routes shown in the Study exactly as outlined, the Study clearly prescribes a network of pedestrian paths connecting through this area to adjoining neighborhoods, a vision that remains a community goal.

Please contact us with any questions or concerns.

Sincerely,

Ky Holland, Co-Chair Ann Rappoport, Co-Chair
Rabbit Creek Community Council
