

North Star Community Council Notes
October 9, 2019

Tonight's NSCC meeting was held in the hallway outside the library at North Star school. No officers were present, and I was the only "Member at Large" there. We couldn't find the janitor to let us into the library.

At 7:15, we started the meeting in the hallway.

Senator Elvi Gray-Jackson gave a report and answered questions, along with her two staff members.

School Board Member Andy Holleman gave a report and answered questions. Assembly Members Austin Quinn-Davidson and Felix Rivera gave reports and answered questions.

Renee Whitesell from DOWL reported on the Midtown Congestion Relief Project. We ended the meeting about 8:25 p.m.
