THIS IS A VERY IMPORTANT MEETING. PLEASE PLAN TO
ATEND.

**SAND LAKE COMMUNITY COUNCIL MEETING
APRIL 14, 1999 7 PM
SAND LAKE ELEMENTARY SCHOOL**

April 20 is Election Day in our community. There are many issues that affect us all. Please get out an vote. If you need assistance in absentee voting or if you are a shut-in and need help, please call 343-4311.

A committee came together to work on the priorities of the Capital Improvement Projects for our area. Please read and then cast your vote so we may turn in our priorities on time. Thank you to all who helped in this project.

The candidates for the Assembly in Section 6 Seat K will not be with us for any forum. They will be on Channel 7 with their debate.

Our fire station is being discussed tonight. If you have been blessed by the efforts of this service, you need to come and support this issue. A bond was passed awhile back to build a new fire station. It is definite need of that. However, there is a desire by some to move our fire station, which raises much concern. Please come and hear what is being said and be informed.

The SLCC Executive Board held a meeting to hear and discuss this issue. We have asked Mr. Mike Batey to come and share his concerns for the moving of this station and answer the questions you may have. Please be at this meeting. The outcome of this decision affects us all.

Assembly candidates Harriet Drummond and Dan Sullivan will be here sharing their platforms and views and to answer all your hard questions.
