

## Sand Lake Community Council

June 9, Wednesday 1999

-----At The Police Training Center-----

The Old Safeway Building

Behind McDonalds Jewel Lake Rd.

### AGENDA

1. Assembly Members
2. School Board Mr. Dave Werdahl
3. AWWU reporting on the water line down Sand Lake and also the Conners Bog plan
4. Mr Maybre sharing the reports on the snow removal plan at the gravel
5. Mr. Jim Obergard sharing on the assisting housing projects and programs.
6. Mr. Jay Dulaney Honored
7. Our legislators sharing and reporting the session and open to answering our questions
8. Mr. Red Boucher sharing information on y2k

Special Thank you's to Jean for taking care of the treasurers' job. She would like to gather a recent address list and is doing so by recording those who have come and those who have paid their dues. Please help Jean out. If you desire to be on the mailing list you need to contact Jean at 243-5695.

We want to thank all of you who have mailed in donations of all amounts. THANK YOU for your support!!

### WE ARE NOW ON THE INTERNET WITH OUR WEB PAGE!!!!!!!

A big thank you to Gail Heineman who offered her professionalism and time to put us on a web page that can be updated and read by everyone!!! This is really exciting and we hope a very valuable tool for our community. We can now put the information into your hands much faster!!!! Thank you Gail!!!!

I received a call last month with the concern over the moose problem in the Sand Lake Area. I received several calls from you and several e mails and all, ALL said that they did not feel there was a problem and to leave the moose alone. I called Mr. Rick Sinnot with the Fish and Game Dept. and shared with him the concern and he shared that they do not get involved unless it is life threatening and that most of the people have expressed that they enjoy the moose. He said he is happy to answer any questions that any of us may have. 267-2185

Joette Storm reported to us that the radar sight project that was proposed to possibly be developed in Kincaid Park has been stopped due to the funding being taken away from this project due to the y2k funding.

The Sand Lake Fire Dept will remain on Jewel Lake Road. The exact location is pending with 4 sights left to be determined. I would like to thank Mr. Doug Perkins and the BayShore/Klatt community Council for standing with us on the fact that moving the station far away from where it is would not be the answer, but that another station for the Bayshore area was the answer. It looks like victory for every one-thought Bayshore will have to go through the process like we have. These two areas are growing rapidly.

Thank You to Dee Essert who is our AMATS representative and a very active council member. It is wonderful and powerful to have people who are involved and care.

One big controversial project concerning all in Anchorage is the south Coastal Trail. There was a public hearing on the project last week and views and facts were presented from all sides with one fact left out. What about the money!!!! To be continued.

Another concern coming our way is the Strawberry Rose Subdivision. The Planning and Zoning seem to favor the concept of a high rise on the land of Minnesota and Strawberry.

It has been an education and privilege serving our community these past few months. I am impressed at those who are so involved. This last meeting should be a most interesting meeting. A lot of information to share.

HAVE A GREAT AND SAFE SUMMER!!!!!!!!!!!!
