No word on the Jodphur rezone

Dimond High School open house is September 17.
What a beautiful New High School...Lots of different emotions!
hate to lose the old, yet WOW to the new!

Plans for the dream sign at Raspberry and Northwood are in process.
I saw an idea on paper that was great. When a few more ideas are on
paper....they will be presented to the council!

Remember September 3, at the library, is the next platting meeting on
the Kincaid Estates.

On August 27th Wednesday from 3-7 the Cook Inlet Housing Authority invited hundreds of people to their block party at the new development of Strawberry Rose Cottages. Food galore, face painting and music to dance in the street. Governor Frank Murkowski came to tour this development. Over 300 people attended!

Thank you to Bruce Geraghty, Jeff Judd, Carol Gore(president/CEO) and Maria Tagliaveto!

The Development included finished beautiful landscaping!.
Thank you for working with this community even through some hard meetings .May this development shine!

It is back to school time ! Please be safe.

Things have been pretty quiet for the summer for the most part.
There is an ordinance request amending title 21 for Floor Area Ratio Changes. Hearing date: Monday October 6 2003 Planning and Zoning case number 2003-128
