MEMORANDUM

DATE: January 4, 2021

TO: All Community Councils

THRU: Michelle J. McNulty, AICP, Planning Director

FROM: *FM* Francis McLaughlin and Elizabeth Appleby, Senior Planners

SUBJECT: Title 21 Text Amendment to the Table of Allowed Uses and Homeless and Transient Shelter

With this memorandum, the Planning Director wishes to notify all community councils that the Planning Department will initiate a text amendment to Anchorage Municipal Code (AMC) Title 21 Land Use Planning Regulations, in accordance with AMC 21.03.210, Title 21 - Text Amendments.

Enclosed is the draft ordinance which amends:

- AMC 21.05.010, Table of Allowed Uses
- AMC 21.05.040C.5., Homeless and Transient Shelter

These amendments address the prohibition of homeless and transient shelters from all zoning districts except as a conditional use in the PLI, public lands and institutions district. The unintended consequence of only allowing this use in one zoning district is that there is limited availability for land outside of existing shelter locations and consequently insufficient bed space to meet community need. The Department proposes also allowing homeless and transient shelters as a conditional use in the B-3, general business district. The B-3 zoning district is located on major street corridors with good access to public transit.

This ordinance also creates new use-specific requirements for homeless and transient shelters. There are currently no use-specific standards in Anchorage Municipal Code. Proposed use standards include a 500-foot separation distance between shelters, location within a quarter mile of non-commuter public transit routes unless alternate transport is provided, and provision of on-site storage space for shelter guests.

Homeless and transient shelters would only be allowed by conditional use approval, which is a process that requires a community meeting with the neighborhood and approval by the Planning and Zoning Commission after holding a public hearing. In addition to meeting use-specific standards, nine approval criteria must be met for conditional use approval.

Please contact Francis McLaughlin at francis.mclaughlin@anchorageak.gov or at (907) 343-8003 or Elizabeth Appleby at elizabeth.appleby@anchorageak.gov or at (907) 343-7925 with questions/comments on the proposed changes.
