SERVICE AREA- Anchorage, North to Birchwood/Eklutna Valley, South to Girdwood/Portage Valley.

WHO: The programs assists **low to moderate income households** in weatherization needs. The program is available to homeowners as well as renters and includes; single family homes, cabins, mobile homes, condominiums and multifamily dwellings.

WHAT: Weatherization improvements increase the energy efficiency, lower heating costs, and improve the comfort of households for occupants. **Services *may* include improvements such as; air sealing, caulking and insulation, heating system test and tune, ventilation and moisture control.** Major home repairs are not classified under weatherization and thus are not eligible under the program. RurAL CAP employs trained weatherization assessors who conduct visual inspections as well as diagnostic tests to identify weatherization improvements that are eligible under this program. Using assessment findings and State and Federal guidelines, RurAL CAP’s Weatherization Staff will determine the improvements to be made to each home.

COSTS? There is **NO COST** to you to participate in the program, however only low and moderate income families will qualify.

PRIORITY STATUS is given to households with seniors (55+), young children under the age of 6, persons with disabilities, and household incomes at or below 200% of the poverty level determined by the U. S. Department of Energy.

PROGRAM RESTRICTIONS: The home may ***not*** have been weatherized by an agency ***after*** April 14, 2008. An Alaska Housing Finance Corporation (AHFC) Home Energy Rating Rebate may ***not*** have been awarded for improvements made to the home ***after*** May 1, 2008. (Receipt of a rebate for the cost of an “*as-is*” rating is allowed as long as the household subsequently withdraws from the AHFC rebate program.) A complete application is required along with supporting documents verifying household income, home ownership/rental agreement, and past utility consumption information including gas, electric and heating fuel.
