**Summary:** Amends the 2½-story height limit for residences in the R-2A, R-2D, and R-2M zoning districts.

- Allows 3-story buildings as exceptions to the 2½-story height limit on certain sites.
- Requires 3-story buildings on exempted sites to provide transitions in height and bulk.
- Adjusts multifamily building side setbacks and rooftop stairwell and parapet height.

**Objective:** Resolve constraints to new housing while addressing neighborhood compatibility.
Draft Documents for Public Review:

Cover memo: Request for public comment.

Attachment 1: Project Description and Background.

Attachment 2: Draft Assembly Ordinance.

• 2021 Public Hearing Draft re-works a previous draft that underwent public review in 2019.
• Released on September 3 with public info meetings and consultations in Sept and Oct.
• Scheduled for Planning and Zoning Commission public hearing on November 1.

Project Info:

Contact Tom Davis at 343-7916 or tom.davis@anchorageak.gov

Visit the Project Web Page at: http://www.muni.org/Departments/OCPD/Planning/Projects/AnchLandUse/Pages/Compatible.aspx
3-Story Residences as Exceptions:

- Retains 2 ½ story height limit for most lots.
- Allows 3-story buildings by-right, as exceptions in strategic and peripheral locations:
  A. Large development sites ½ acre or more in size.
  B. Transitional sites located adjacent to commercial or multifamily districts.
  C. Sites adjacent only to non-residential uses or 3-story residential uses.
- Enables approval of 3-stories on other lots shown in yellow below, via Administrative Site Plan Review entitlement procedure.
Summary of Draft R-2 Amendment

Height/Bulk Transition:

A. **Step-Back in Height:** 3-story buildings to be stepped back in form, or set back further in footprint, or have rooftops sloped away from neighboring residential lots.

B. **Maximum Sidewall Length:** Limit the length of the 3-story building mass extending along side lot lines facing adjacent residences.
**Parking and Site Access Title 21 Text Amendment**

**Action 4-3:** Allow more parking reductions by-right in key areas.

**Action 4-6:** Reform internal site circulation (driveway) standards.

Improved urban design with increased multi-modal access within targeted areas of the Anchorage Bowl.

Monetary savings on parking spaces will bring down costs.

Efficient use of land and decreased costs will facilitate response to housing demands.

Almost all trips = motor vehicle trips

Most trips = motor vehicle trips

Some trips = bike trips

Some trips = walking trips

Some trips = transit trips
• Replaces five existing area-specific parking reductions with a lower minimum parking requirement for traditional urban neighborhoods near Downtown and along transit-supportive development corridors.

• Some parking reductions proposed to become “non-discretionary” up to a certain percent, providing more certainty in considering different site designs.

• Amends requirements for driveways in traditional urban contexts to be more true to neighborhood character.

• Encourages improved site access for pedestrians, bicyclists, ride-share, and transit riders.
Parking and Site Access Title 21 Text Amendment

Project Schedule

Step 1: Discuss Options and Consultations

Step 2: Community Discussion Draft

Step 3: Public Hearings

Comments and Consultations

Step | Public Involvement
---|---
1. Spring/Summer 2021
  Pre-consultations | Pre-Consultations with public, agencies, and subject experts. Discussion of different options for code amendments.
2. Winter 2021
  Community Discussion Draft | Community Discussion Draft Review code changes available for public review in October 2021.
3. Winter/Spring 2022
  PZC-Recommended Draft
  Anchorage Assembly Final | Public Hearing Draft and public hearing before the Planning & Zoning Commission for a recommendation. Final Draft to Anchorage Assembly for a public hearing on adoption of the amendments.

### R-4A Zone Mixed-Use Text Amendment

**A Title 21 zoning code change for Anchorage’s R-4A mixed-use zoning district**

#### Why is this important?

Anchorage’s residential mixed-used district with the highest capacity for new housing

The R-4A zoning district integrates high-density residential development with on-site commercial uses in a mixed-use neighborhood setting. **This project will make the R-4A district easier to use and interpret while achieving the goals of the Anchorage 2040 Land Use Plan.**

#### Project Overview

This project will make the R-4A zoning district more flexible and effective by:

- Consolidating and simplifying the R-4A development standards.
- Allowing a higher proportion of by-right commercial uses in mixed-use developments without extra reviews.
- Allowing a wider range of commercial uses that contribute to the urban mixed-use residential context.
- Supplementing the minimum housing density requirement with incentives to allow for more needed housing.
- Enabling more flexibility in phasing between commercial and residential uses.
- Varying design standards by primary and secondary frontages, with more flexible standards on secondary frontages.
- Simplifying the process for increasing building heights while reducing potential for shadowing.

#### Step 1

*Discussion Draft Released for Public Comment*

#### Step 2

*Public Hearing Draft Submitted to Planning & Zoning Commission*

#### Step 3

*Planning & Zoning Commission Draft to Assembly for Approval*
# Summary of Major Changes in R-4A

## Existing Code

### Required Residential Housing Units

- 20 dwelling units per net acre.

### Residential vs. Non-Residential Floor Area for the Development Site

- **Up to 10% of gross floor area may be non-residential by-right.**
- **> 10% to ≤ 20% non-residential gross floor area requires major site plan review.**
- **> 20% to ≤ 49% non-residential gross floor area requires a conditional use permit.**

### Phasing of Residential & Non-Residential Uses

- All residential floor area must be provided prior to non-residential construction.

### Building Height Increases

- 75 feet allowed by-right, with a maximum of 90 feet when six conditions are met.

### District-Specific Design Standards

- **Min. Front Setback:** 10'
- Within 100 ft. of most street frontages and walkways:
  - Non-residential uses: At least 50% of length and 25% of area of ground-level walls require visual access windows.
  - Residential uses: At least 25 percent of the length and 12 percent of the area of ground floor walls require windows.
  - All uses: Blank walls must be < 30 ft. in length.
  - Max setback: 20 feet for 50% of the building.

## Proposed

### Required Residential Housing Units

- 20 dwelling units per net acre

### Residential vs. Non-Residential Floor Area for the Development Site

- **Up to 35% of gross floor area may be non-residential by-right.**
- **> 35% to ≤ 50% of gross floor area may be non-residential: By-right with 35 dwelling units per acre on the development site; or Through a conditional use permit or small area implementation plan.**
- **> 50% of gross floor area may be non-residential with a small area implementation plan and when two additional dwelling units per acre (above 20) are provided for each percentage increase of non-residential gross floor area.**
- **Wider range of commercial use types allowed, 1.5 FAR by right.**

### Phasing of Residential & Non-Residential Uses

- Although some amount of residential is required for each phase, more non-residential uses may be constructed prior to residential uses when a detailed phasing plan is provided through a development agreement or small area implementation plan.

### Building Height Increases

- 60 ft. allowed by-right, max. of 90 ft. when conditions are met. Step-back required above 65 ft.
- **Simplifies conditions for increasing height to 90 ft.**

### District-Specific Design Standards

- **Min. Front Setback:** 5'
- **Secondary Frontage:**
  - Max. setback 50 ft.
  - Non-residential ground floor requires 25% visual access window area.
  - All other floors require 20% window area.
  - Blank wall must be less than 50 ft. in length.
- **Primary Frontage:**
  - Max. setback 30 ft.
  - Non-residential ground floor requires 50% visual access window area.
  - All other floors require 20% window area.
  - Blank wall must be less than 30 ft. in length.
- **Clarifies and simplifies standards, making them easier to apply.**
Areas Eligible for the R-4A Zoning District Designation

The map above shows all areas which are zoned R-4A or have been designated by the Anchorage 2040 Land Use Plan Map (2040 LUPM) or other plans as eligible for the R-4A zoning district.

These areas include those with a future land use designation of "Urban Residential- High", "City Center" (outside of downtown and especially where the "Residential Mixed Use Development" growth-supporting feature is present) and areas identified with a "Residential Mixed Use Development" growth-supporting feature. Part of Fairview's "Main Street Corridor" land use designation is identified for R-4A per the Fairview Neighborhood Plan.
R-4A Zone Mixed-Use Text Amendment
A Title 21 zoning code change for Anchorage’s R-4A mixed-use zoning district

Examples of Types of R-4A-Style Developments

FAQ

Is this a new zone?
No, this project is a modification to an existing zone.

Are all buildings in this zone required to have commercial uses?
No. The R-4A district is primarily a residential district, so residential uses are allowed on their own either by building, parcel, or over the entire development site.

Does this zoning district only allow for vertical mixed-use development?
No, the zone also allows horizontal mixed-use development.

The proposed amendments mention bonuses for non-residential floor area (FAR) obtained through either Conditional Use Permits and Small Area Implementation Plan (SAIP). What’s the difference?
SAIPs and Conditional Use permits follow similar processes and thus could require similar amounts of time. However, the SAIP procedure provides for more overall flexibility and is able to address a wider range of the various aspects of development requirements beyond uses.

The Municipality is pleased to announce the release of the public hearing draft of the 2021 Our Downtown Anchorage Downtown District Plan. This draft is the result of:

- Over 1200 comments from 300+ people taking the on-line survey
- One-on-one interviews with developers
- Public outreach at a 2019 First Friday event
- 5 meetings of two subcommittees formed, produced white papers and recommendations
