ERVCC Board Elections – Postponed due to lack of quorum.

Alice's Marijuana, Horseshoe Drive, Eagle River

- Requested postponement on state license review
- State permit license is first step.
- Since we have Title 21, Chapter 10 restrictions on the location, the Assembly cannot approve the license without bringing forward amendments to change Title 21 code. This would entail a multi-step public process.

Future council meetings – in person or Zoom?

Discussion was held regarding switching back in in-person meetings.

- Ms. Webb to check into meeting at Gruening MS or one of elementary schools.
- Ms. Armstrong to check into meeting at Joy Lutheran.

School Board: Carl Jacobs, Anchorage School Board

Mr. Jacobs provided the following update:

- He will attend our council meetings as school board representative this year.
- There is ~\$60M shortfall in the school budget. The board wants to be very transparent as it addresses this shortfall and is soliciting feedback through a variety of channels on how to address the deficit.
- State of AK had not honored its commitment to help fund school bond debt since 2017. Legislators made one-time allocation of state funds to honor the entire funding commitment. The board is determining how it will prioritize disbursing these funds.
- A survey is available to community members.
- School bus driver shortage is expected to improve by mid-October. Eagle River area may be prioritized due to greater distances and no People Mover option.

Mr. Roth provided the following update:

- Budget gap has existed for a long time.
- Defunding school officers may be proposed again but Mr. Roth believes this is a very beneficial program.
- School district is still awaiting federal reimbursement for ~\$25M in earthquake repair.

Chugiak/Eagle River Parks and Rec Board: Ruth Armstrong

Ms. Armstrong provided the following update:

- UAF is conducting AURA (Arctic Urban Risks and Adaptations) study on climate change at Beach Lake Park. There will be one test site at each lake but shouldn't impact any trails. First results expected in one year. See [Meeting documents](#) link above for project materials.
- Bike Club seeking \$450,000 to extend Beach Lake trails, connecting to Coastal Trail. This would be a single lane bike trail; not paved and not for hiking.
- Boo at the Beach is scheduled for October 15. Only children's section will be held. Teen section (haunted trail) will be held next year.
- One new project manager and one new maintenance lead to be added to staff.
- All capital projects are on time and on budget except warm storage near Chugiak Fire Dept. That project is one month behind schedule but expected to finish in late October. Equipment will be centralized in this location.
- Gorsuch Park/Edmunds Lake-\$65,000 grant was used to repair gravel road. Mirror Lake has new bike trail as well. Great area for biking and hiking. This land was returned by Boy Scouts to Parks and Recreation.
