WHEREAS, most of the community councils have been excluded from the planning and identification of appropriate locations to consider for homeless services, and

WHEREAS, another option such as the Elmore Navigation site for homeless services, has the Anchorage Coalition to End Homelessness (ACEH) and the large ANMC campus of available services) located immediately nearby and provides the associated services that are required to address drug and alcohol dependencies and mental health issues of this population, in addition to Providence Hospital, API, and Alaska Regional, and

NOW THEREFORE BE IT RESOLVED THAT the Taku Campbell Community Council supports the voice of our community to oppose the proposed change in use of the ARC,

AND FURTHER RESOLVE THAT criteria must be established by the Assembly with involvement by the community and community councils in addressing homelessness issues and services prior to selection of any location for such facilities/services.
