Eaglexit Board of Directors, Eagle River, Alaska

The Eaglexit Education Committee is looking forward to the unveiling of its groundbreaking charter school district proposal at our upcoming public forum meeting. This revolutionary model places students at the forefront, ensuring that every child receives an enriching educational experience.

Scheduled for **May 7th at 7pm at the Chugiak Senior Center** in Chugiak, Alaska, this public forum will provide a chance for community members and educators to see firsthand how a new and exciting change in education could come about after detachment from the Anchorage Municipality.

Under this model, funding would be allocated based on student enrollment, "money follows the student", empowering families with the freedom to choose the educational environment that best suits their child's needs. This ensures that resources are directed where they are most needed, fostering a dynamic and responsive educational system.

Furthermore, the Eaglexit Education Committee is committed to fostering meaningful parental involvement in the education process. Through a collaborative hiring process, the school principals, in partnership with parents, will select teachers and staff, ensuring that educators and staff are not only highly qualified but also deeply invested in the success and well-being of their students.

"We believe that every child deserves access to a high-quality education that empowers them to reach their full potential," said Ric Smith, Education Committee Chair. "Our proposed new charter school district places students and families at the center of the educational journey."

The public forum will also provide an opportunity for education and community members to ask questions and provide feedback on the proposed model to the Education Committee directly.

Eaglexit Board and the Education committee invite all members of the community to join us at the town hall and be a part of this exciting new chapter in education.
