

Resolution 2024-01
Northeast Community Council (NECC)

February 15, 2024

Opposition to Traffic Circles and Roundabouts in Nunaka Valley

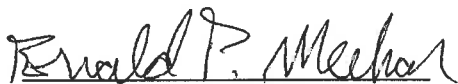

The Northeast Community Council, resolves that it opposes the placement of any traffic circles or roundabouts in Nunaka Valley subdivision or environs at this time and request that the Municipality of Anchorage Traffic Department investigate the other calming tools that could be possibly implemented in Nunaka Valley and environs, including but not limited to lane narrowing, road edge bollards/cycle tracks, hard medians, sidewalks, chicanes, and speed humps, for the purposes of traffic calming, perform analysis on the use of those tools for the purpose of traffic calming in the area, and present the analysis and suggestions in future to the Council for Council consideration,

Further, that these analyses include not only the impact of the tools seasonally, including winter, on overall function of streets by all users,

Further, these analyses should include the impacts on pedestrians and bicyclists in the area.
