

BUILDING OWNERS & MANAGERS ASSOCIATION
FEDERATED WITH BOMA INTERNATIONAL

Dear BOMA Members,

BOMA has developed a Property Incident Reporting Tool for commercial property owners and managers to submit information related to theft, vandalism, property damage and other occurrences at Anchorage properties.

The tool is designed to collect and aggregate data to help inform BOMA members, city officials and other interested parties about the impact of homelessness and lawlessness on our community and commercial properties.

Please access and complete the fields in the linked tool below if an incident occurs at your property. We encourage you to share the reporting tool with others who are involved in commercial property ownership and management in Anchorage.

Property Incident Reporting Tool link and QR code:

<https://forms.gle/3HauyFGBVgLxKBW76>

BOMA will provide a summary of the analyzed data and a proposed plan of action to our members and all interested parties once enough data is collected.

Thank you for your time and consideration of this important request. We aim to better inform our commercial real-estate community and bring positive change to Anchorage. Please do not hesitate to reach out if you have any questions.

Sincerely,

Mark Filipenko, President
BOMA Anchorage Board of Directors
