

RABBIT CREEK COMMUNITY COUNCIL MEETING SUMMARY
NOVEMBER 2024
HYBRID MEETING VIA ZOOM AND IN-PERSON
GOLDENVIEW MIDDLE SCHOOL
ANCHORAGE, ALASKA

Meeting was called to order and included Land Acknowledgement. There was a quorum present, so a General Meeting was in order.

Minutes for Sept. 12th and October 10th were approved.

Treasurer's report presented; Amounts were approved as presented, reporting \$1946.06 in the RCCC account. Everyone was encouraged to consider contributing \$25.00 to RCCC to support projects and activities.

Boundary changes for Community Councils is being considered by the Planning Department. RCCC has discussed the idea, and the consensus is that the existing boundaries are acceptable to our Council and do not need to be changed.

There should not be a problem with the coastline changes. It was suggested that it might be advisable to submit a written resolution from our community council, stating our position regarding boundaries and recommend no changes be made.

Rachel Blakeslee made a presentation to the Council, reflecting the opinion of many Bear Valley School parents, staff, and supporters that this school NOT be closed as is currently planned to facilitate "right-sizing". The central points of the presentation were accepted by many of the attendees and is attached to this summary report so that they can be a part of the permanent record. Many people in the audience and on-line voted to advocate that this school NOT be include in the closures. Bear Valley School is one of the most effective elementary schools in the Anchorage School District—and closure would be a great dis-service to our council area.

Nominations for election to the RCCC Board were submitted and voted on. These members will begin their terms in January.

DNR has proposed some regulations that would rescind fish and wildlife water reservations--- which has implications for Potter Marsh. Comments were due November 29.

In December, the Assembly will be submitting proposals to (1) simplify restrictions for residential development in B-3 zoning and (2) special limitations in B-3 Zoning.

Meeting was adjourned at 9:05 p.m.

Respectfully submitted by
Judy Michael
