Community CPR Class

Come learn what you can do to save life with rescue CPR. You will learn what to do after dialing 911 and before the fire/rescue can get help to you.

With the intermittent closing of Station 15, this could be a real life saver. The class is about 45 minutes long with hands on training.

And the best part, it's free and is not part of any political stimulus plan, only neighbors taking care of neighbors!
