

ESP

Call to Order: 7:00 PM

Discussion on borders – Kevin Smestad let everyone know that he heard that all the new Community Council Areas were interested on joining, but only spoken with two of them. The new areas include: Rogers Park Community Council, Airport Heights Community Council, Tudor Area Community Council and Campbell Park Community Council. We voted as a group to include these new members as long as they were interested.

Assembly Approval – Kevin Smestad discussed letting our assembly people know that we would like to have the ESP (East Side District Plan) adopted. Kevin was going to discuss with Paul Honeman to see if there was anything that we need to do to accomplish this task.

Hillside Survey – John Weddleton went through a survey that was used by the Hillside Plan. There is a link to the survey on the website.

Bylaws Update – Marc Groeber and Roger Shaw discussed the differences between the two plans they were envisioning. There was no consensus and was to be looked at further for next month.

Adjournment 9:00 pm
