

Federation of Community Councils Manager's Report

April 19, 2017

Website Changes

We are implementing change to the FCC website that make it even easier to use by members of the public. Please send us photos of your council area to use for the heading of each council page.

Mark on Vacation

I will be out of state Thursday April 20th and Friday April 21st. Susan will be in the office those days to send out communications.

Mark Butler

Manager

Community Councils Center
